Step 1. Unfold the bed frame and extend the legs until straight.

First, remove the platform from the box and lay it on the floor.

Step 2. Rotate the four support arms to hook on the bolts at each of the four corners as pictured.

Secure support arms using 1” (25mm) bolts and wingnuts.

Step 3. Queen / King / Cal-King Platforms: Join two bed frames together with the bolts & nuts as shown.

Follow the set-up instructions in reverse to disassemble your bed frame.
